Gün 1 — Day 1 — Çukurova – Dubai February 3

Meeting at 04:00 in front of the AJet Airlines counter at Çukurova Airport International Departure Terminal. After ticket, baggage, and boarding procedures, we depart for Dubai Airport at 07:15 with AJet Airlines Charter Flight. Arrival at Dubai International Airport at 12:00 local time. After our baggage procedures, we meet our guide waiting for us at the airport and head to the city center of Dubai. Then we start our tour of Dubai icons and the city. Dubai is one of the most important tourism centers in the Middle East, combining the rich cultural heritage of the past with the most impressive architectural structures of the modern world. Once a small fishing and pearl trading port, the city has now become one of the leading centers of trade, tourism, and luxury living in the world. In this tour, we will have the opportunity to closely explore Dubai's modern face while also getting to know its historical texture and traditional life. We start our tour by visiting the famous Dubai Marina area, known for its magnificent skyscrapers, luxury residences, marinas, and impressive architecture. Then, we move to Palm Jumeirah, one of the world's most remarkable man-made islands. This unique island reflects Dubai's engineering achievements and innovative vision and is one of the most important symbols of the city's modern development. Continuing our exploration, we take a photo break in front of the Museum of the Future, which represents Dubai's vision for the future and features extraordinary architecture highlighted by Arabic calligraphy. We then continue our panoramic city tour along Sheikh Zayed Road, where we can see Dubai's magnificent skyscrapers, modern business centers, and the city's constantly evolving skyline. After our modern Dubai tour, we continue our journey towards the historical areas of the city. We reach the shores of Dubai Creek, which once made Dubai an important center for trade and pearl hunting. Next, we visit the Al Seef area, which has been revitalized with a modern interpretation of traditional Arab architecture. In this impressive area along Dubai Creek, we explore the traces of Dubai's old trade life amidst narrow streets, traditional architectural details, small shops, and a historical atmosphere. Continuing our tour, we cross Dubai Creek on traditional wooden Abra boats to reach the historic souk area. In the souk, we first visit the Spice Souq, famous for its colorful spices, exotic scents, and traditional products. Then we proceed to the Gold Souq, which has made Dubai world-renowned as the "City of Gold." Here, we have the opportunity to closely observe Dubai's deep-rooted trade tradition as we wander among shops displaying gold jewelry, precious stones, and traditional jewelry designs. This comprehensive city tour, spanning from modern architecture to traditional souks, and from magnificent skyscrapers to historical streets, presents a captivating journey between Dubai's past and present.
