Tur Programı

Gün 1 — Izmir - Aksaray - Ihlara Valley - Avanos - Dervent

Dear guests; After welcoming you at the specified stops on the specified day, we start our journey with the comfortable buses of **IZMIR TRAVEL ENTHUSIASTS**. We take a break for breakfast at the rest area in **Aksaray**, where we will arrive in the morning. At the designated time, we arrive at **Ihlara Valley**, historically known as **Peristremma**, which has been eroded by the **Melendiz River** over centuries, with a total length of 12 km. We take a panoramic view of this valley and after photographing its geographical beauties, we head towards the Derinkuyu Underground City, where the Hittites began to build and where the first Christians sought refuge from Roman oppression. This magnificent structure, with a diameter of 7 km and a depth of up to 60 meters, will surely remain in your memory for a long time.

Then we arrive at **Avanos** and take a lunch break (extra). Afterward, we move to the **Onyx Natural Stone Workshop** at the designated time. After receiving information about the properties of this stone, which has countless benefits for mental and physical health, free time is given for shopping.

Our next stop is **Dervent**... We photograph the interesting structures created by the erosion of rocks and fairy chimneys in animal shapes. In this region, famous for its grapes and widespread viticulture, there are many family-run wineries. After visiting one of these workshops and learning about grape and wine production, we check into our **5* Hotel**. Our dinner and accommodation take place at the hotel.

NOTE: After dinner, guests who wish can participate in the Turkish Night and enjoy a musical evening in stone restaurants.

Gün 2 — Erciyes Ski Center - Izmir

After completing our hot air balloon flight program depending on the balloon launch conditions with the sunrise, we move to **Erciyes Mountain**, known as **Argeus** in Ancient Times, after the open buffet breakfast taken at the hotel. After arriving at Erciyes, we take a short break and free time, and optionally take the cable car to the upper points of the mountain at approximately 3200 meters altitude. Our entertainment continues throughout the day with musical games and competitions in the open area. Guests who wish can rent **ski, sled, and snowboard** equipment and enjoy themselves. After free time, we continue our journey and arrive in Izmir between 02:30-03:30. We bid farewell to you by dropping you off at the points we picked you up from during another **IZMIR TRAVEL ENTHUSIASTS** trip.

NOTE: Depending on road congestion, traffic, fog, and weather conditions, our arrival time in Izmir may be later than planned. Therefore, we recommend that you plan your return ticket and flight for the next day.
