Gün 1 — Day 1 — Samsun – Dubai January 30

Meeting at the AJet Airlines counter at the International Departures Terminal of Samsun Çarşamba Airport at 23:00 on January 29. After ticket, baggage, and boarding procedures, we depart for Dubai Airport at 03:00 with AJet Airlines Charter Flight. Arrival at Dubai International Airport at local time 08:10. After completing our baggage procedures, we meet our guide waiting for us at the airport. After a breakfast break, we start our tour of Dubai icons and the city. Dubai is one of the most important tourism centers in the Middle East, combining the rich cultural heritage of the past with the most impressive architectural structures of the modern world. Once a small fishing and pearl trading port, the city has now become one of the leading centers of trade, tourism, and luxury living in the world. During this tour, we will have the opportunity to closely experience the historical texture and traditional life of Dubai while discovering its modern face. We start our tour by visiting the Dubai Marina area, famous for its magnificent skyscrapers, luxury residences, marinas, and impressive architecture. Then, we move to Palm Jumeirah, one of the most remarkable man-made islands in the world. This unique island, reflecting Dubai's engineering achievements and innovative vision, is one of the most important symbols of the city's modern development. Continuing our tour, we take a photo break in front of the Museum of the Future, which represents Dubai's vision for the future and features extraordinary architecture with Arabic calligraphy. Then we continue our panoramic city tour along Sheikh Zayed Road, where we can see the magnificent skyscrapers, modern business centers, and the ever-evolving skyline of Dubai. After our modern Dubai tour, we continue our journey to the historical areas of the city. We reach the shores of Dubai Creek, which was once an important center for trade and pearl diving. Then, we visit the Al Seef area, which has been revitalized with a modern interpretation of traditional Arab architecture. In this impressive area stretching along Dubai Creek, we explore the traces of Dubai's old trade life amidst narrow streets, traditional architectural details, small shops, and a historical atmosphere. Continuing our tour, we cross Dubai Creek using wooden Abra boats, one of Dubai's traditional means of transportation, to reach the historic bazaars. In the bazaar, we first visit the Spice Souq, famous for its colorful spices, exotic scents, and traditional products. Then we move to the Gold Souq, which has made Dubai known worldwide as the "City of Gold." Here, we have the opportunity to closely observe Dubai's deep-rooted trade tradition as we wander among shops displaying gold jewelry, precious stones, and traditional jewelry designs. This comprehensive city tour, spanning from modern architecture to traditional bazaars, and from magnificent skyscrapers to historical streets, presents a fascinating journey between Dubai's past and present.
