Gün 1 — ABANT - GÖLCÜK - KARTALKAYA SKI RESORT

Dear guests; After welcoming you at the specified times from the mentioned stops on Thursday evening, we will start our journey with the comfortable buses of **IZMIR TOUR OPPORTUNITIES**. We reach **Bolu** in the morning hours and have our breakfast (extra) at a suitable facility. After breakfast, we take a morning walk by **Abant Lake** and start a wonderful day. The area around the lake has a visual beauty and atmosphere in every season, with yellow pine, black pine, beech, oak, hornbeam, and many other different trees. After taking photos in this magnificent scenery, our next stop is the famous **Gölcük Lake**, which has been a guest in many photos. The tree clusters and vegetation surrounding Bolu Gölcük Lake Nature Park are one of Bolu's other riches. After completing our free time here, we move towards **Kartalkaya Ski Resort**. After our guide provides information about the mountain and places to visit, guests who wish can enjoy the mountain air, take a walk, play snowball fights, or sled. For those who want to ski, you can benefit from 7 different slopes and lifts. Guests who do not ski can enjoy Kartalkaya in cafes. After our Kartalkaya program, we head to our hotel and check into our **5* Hotel**. You can benefit from the hotel's activities, indoor pool, hammam, and sauna facilities. Dinner and accommodation take place at our hotel.

Gün 2 — MAŞUKİYE - ORMANYA - KARTEPE SKI RESORT

After having our breakfast, we leave our hotel and arrive at **Maşukiye**, located at the foothills of Kartepe and by the shores of Sapanca Lake, where nature is intertwined. We fall in love with Maşukiye, whose name comes from the word 'maşuk', meaning beloved. After our visit to Maşukiye, we move towards **Ormanya Nature Park**. Ormanya Nature Park, consisting of 4,000 acres of natural surroundings, is the third largest natural life park in the world and the largest in Europe. All needs are met for the animals inside to live in an environment closest to their natural conditions, and all details have been meticulously planned for visitors to Ormanya Nature Park. Ormanya Nature Park houses 467 animals of 53 different species and various plant species. Many species, such as deer, gazelles, and roe deer, continue their generations in natural habitats within the park. We also visit the area where the **Hobbit Houses**, famous from the films 'The Lord of the Rings' and 'Hobbits', are located, adding these beautiful sights to our memories. We take a walk, photograph this magnificent nature, and depart for our next stop, **Kartepe Ski Resort**. Kartepe Ski Resort is one of Turkey's newest ski resorts. Notably attracting attention with its natural beauty, forests, and views of Sapanca Lake, we give free time in Kartepe. During this free time, guests can ski & snowboard and have a great time. After our Kartepe program, we head to our hotel to enjoy the thermal areas. Dinner and accommodation take place at our **5* Hotel**.

Gün 3 — Uludağ

After having breakfast at our hotel, we move towards **Uludağ**. Based on the information and guidance provided by our guide about the mountain and places to visit, guests who wish can ski and snowboard in Uludağ, take the chairlift, while other guests can enjoy the snowy view in cafes with their hot sahlep. With our descent from Uludağ, we conclude our tour and begin our return journey, arriving in Izmir between 23:30 - 00:30. We bid farewell to meet you again on another **TRAVEL ENTHUSIASTS** journey.
