Our first stop will be Ihlara Valley, which is 14 km long and formed by the Melendiz River. During our short walk in Ihlara Valley, we will see the Ağaçalı Church, one of the remaining 105 places of worship in the valley, and the Yılanlı Church, the only church where Jesus is depicted in a cross-legged position. After Ihlara Valley, our second stop will be the Underground City, which is large enough for thousands of people to live for months while escaping enemy raids and is also an engineering marvel (Derinkuyu Underground City, Kaymaklı Underground City, or Özkonak Underground City can be visited). After our visit to the Underground City, we will have an extra lunch break at our rock-designed restaurant in Uçhisar, famous for its pottery.
