Tur Programı

Gün 1 — İZMİR - APHRODISIAS - DENİZLİ

Dear Guests; after welcoming you in the early morning from the specified stops, how about fitting history, nature, and new tastes into your journey with GEZİ TUTKUNLARI's comfortable vehicles? We set off from İzmir; we discover Aphrodisias, where marble turns into art, the magnificent Hierapolis, and the white travertines of Pamukkale. We listen to the stories of ancient cities, collect memories with photo breaks, and dedicate time to Denizli's local delicacies.

As we proceed along the Aydın and Nazilli route, we start the day with a breakfast break on the way, then reach our first visit point, the **Ancient City of Aphrodisias**, via Karacasu.

Named after Aphrodite, the goddess of love and beauty, Aphrodisias was an art center renowned especially for sculpture in ancient times. The skillful processing of stones extracted from nearby marble quarries made the city famous not only for its magnificent structures but also for the artists it produced. As we walk through its ancient streets, we imagine the sculptors who once worked in this city, the people who met in the squares, and the hustle and bustle of daily life.

During our trip, the monumental entrance **Tetrapylon**, the **Temple of Aphrodite**, **Sebasteion**, the theater, and the impressive stadium stand out. Accompanied by our guide's narration, we learn about the history of the structures, taking a closer look at the column capitals, motifs on the marble, and details of the stonework. During our break in front of the stadium stands, we visualize the ancient competitions and the excitement of the crowd.

After our Aphrodisias tour, we take a break for lunch, then continue our journey towards Denizli. In our conversations about the region's culture and cuisine along the way, **Tavas pide** and **Tavas baklava** are among our guide's recommendations for guests who want to discover local flavors.

Upon reaching our thermal hotel in Denizli, we settle into our rooms and dedicate the rest of the day to relaxation. **Our guests who wish can spend time in our hotel's outdoor and indoor thermal pools, and benefit from the jacuzzi and Turkish bath. There is also a free indoor thermal pool and Turkish bath specifically for our female guests.**

Guests who prefer sauna, Finnish bath, massage, and other spa treatments can benefit from these services for a fee.

After a day intertwined with history, our accommodation is at our hotel.

Gün 2 — HIERAPOLIS ANCIENT CITY - PAMUKKALE TRAVERTINES - IZMİR

After breakfast at our hotel in the morning, we check out from our rooms and head to **Pamukkale**, where nature and history meet in the same place. The **Ancient City of Hierapolis**, built right above the white travertines, welcomes us with stories that have accompanied this view for centuries.

As we walk through Hierapolis, which stood out with its thermal springs in ancient times, we discover how water shaped the life of a city. We learn that baths were not just places for washing but also social spaces where people met and chatted; we search for traces of daily life in the past among the city's ruins.

One of the most impressive stops of our trip is the **Hierapolis Ancient Theater**, which stands out with its magnificent stage structure. Looking at the surroundings from the stands, we enjoy the view, imagining how this structure was a meeting point centuries ago. Our visit deepens with our guide's explanations about the city's foundation, belief system, and Roman-era life.

After our ancient city tour, we proceed to the **Pamukkale Travertines**. Behind this whiteness, which resembles a snow-covered slope from afar, lies a natural process formed by the precipitation of calcium from thermal waters over time. We give free time to take photos and observe the surroundings in this landscape where the traces left by the water along the slope have turned into terraces.

For our guests who wish to walk in the open travertine section, we have a small guide tip: taking a shoe bag and a small towel with you in this area where shoes are removed will make your trip easier. We also recommend comfortable walking shoes, season-appropriate clothing, a hat, and water for the ancient city.

After our Pamukkale tour, we make room for Denizli's local flavors during our lunch break. For guests who want to try a different taste, we recommend **Denizli tandoor kebab**, where lamb meat is cooked using traditional methods and served with pita bread. For those who want to take a small taste memory from Denizli to their loved ones, **Serinhisar roasted chickpeas** are among our guide's recommendations.

After our excursions, we begin our return journey to İzmir. After our breaks on the way, we arrive in İzmir on Sunday evening and bid you farewell at the points where we picked you up, **hoping to see you in another GEZİ TUTKUNLARI Operation.**
